FLOWERING ROSE HEDGE

**BLOOMS ALL SEASON LONG
NEVER NEEDS TRIMMING**

Imagine what a useful plant this is! It is a dense grower that makes an ideal hedge, for it never needs trimming. Let it go its own way, to make a natural hedge or fence. It will be colorful as a divider between properties, will give you privacy and help to keep children and pets where you want them.

From just one bush you will have hundreds of colorful blooms in immense clusters. Free blooming from spring to frost. The deep green foliage is resistant to disease. Will grow in almost any kind of soil and give you the most beautiful fence you ever saw. Should be planted 18" apart.

No reason at all why you must have an unfriendly-looking fence that costs a lot to keep looking its best. Here's a Rose that will do your fencing job beautifully and will ask nothing from you in return. In fact, it will let you throw away your pruning shears! The thick growth is always attractive and the flowers are bright all season. A most useful hedge Rose that says "Stay out" and means it!
